Reflection on "The Year of the Virus"

The Covid-19 virus is reminding us that we are all equal, regardless of our culture, religion, occupation, financial situation or how famous we are. This disease treats us all equally.

It is reminding us that we are all connected and that what has an affect on one person also has an affect on another. It is reminding us of how precious our health is. The shortness of life, our mortality and life after death, have never before been in such sharp focus.

It is reminding us that, when the chips are down, it is only the essentials that all of us really need, water, food, medicine, and not the luxuries of life.

It is forcing us back into our houses so that we can rebuild them into our homes and strengthen our family units. It is reminding us that we can be patient or we can panic. It is reminding us that after every dark night there is the dawn and that 'this too will pass'.

It is reminding us to be generous and not selfish... in the darkest hours the brightest stars shall shine. Above all, it is reminding us that we are in God's loving care and that He will carry us through this.

Ave Maria Bible Study Group meet virtually on Zoom each Monday at 7.30. New comers always welcome to our informal friendly sharing together of God speaking to us through His holy Word. For further information tel--Tom 0863478539
